-

Values (what should characterise us)

As a church we seek to be

Taught and shaped by what the Bible says

Outward looking – towards one another, our community, the world

Pursuing growth in Christian maturity (aiming to see our lives, attitudes & behaviour transformed)

Open to taking risks (in how we work out what it means to follow Jesus day to day)

A place of healing (physical, emotional or spiritual)

Open to the work and enabling of the Holy Spirit in the ways that He chooses

Serving using the gifts we have been given

Loving in word and deed

Welcoming

Prayerful (individually & corporately)

Generous (reflecting the generosity of God in all areas of our lives)
